**Trains & tourists**

In 1902, our first train service steamed into this station. A large crowd welcomed the little engine, for it was a vital connection to the rest of Britain.

For the first time local people could travel easily. Embo fishworkers bought return tickets to England's great herring ports and earned money to send home. Local producers sent fresh fish and livestock to market by rail.

Using the timetable below, how long did it take to travel between Dornoch and Embo?

.....

If the 18:10 train is delayed for 15 minutes at Skelbo, due to sheep on the line, what time does it arrive in Dornoch?

.....

The journey from Dornoch to The Mound is seven miles. What is the average speed (miles per hour)?
